Introduction/Instructions - Background Information

Page Last Modified: 12/05/2021

Background Information

HOLLAND PATENT CSD - 412201060000

Summary and Background Information

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund.

The federal ARP statute requires that States reserve ARP ESSER funds for three State-level reservations for evidence-based activities and interventions that respond to students' social, emotional, mental health, and academic needs and address the disproportionate impact of COVID-19 on students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children and youth in foster care, and migratory students.

Not less than 5 percent of the State's grant must be reserved to carry out, directly or through subgrants or contracts, activities to address the academic impact

of lost instructional time by supporting the implementation of evidence-based interventions.

Not less than 1 percent of the State's grant must be reserved to carry out, directly or through subgrants or contracts, the implementation of evidence-based

summer enrichment programs.

Not less than 1 percent of the State's grant must be reserved to carry out, directly or through subgrants or contracts, the implementation of evidence-based

comprehensive after-school programs.

The 2021-2022 enacted New York State budget fully allocated the required SEA reserves as subgrants to 398 LEAs and NYSED has made allocations to two additional LEAs. Specific LEA allocations are detailed in Columns D, E, and F in the **ARP ESSER Allocations Chart** (see also in the Document Library). Please note that these funds are in addition to the 90% LEA ARP-ESSER ALLOCATION listed in Column C of that workbook and must be budgeted for separately.

As indicated in NYSED's approved <u>ARP ESSER State Plan</u>, NYSED has included within this application a list of evidence-based interventions related to each state reserve. LEAs will be required to utilize state reserve funds to implement evidence-based interventions either chosen from the NYSED-selected list or from another reputable source (such as, but not limited to, the What Works Clearinghouse).

RESOURCES RELATED TO EVIDENCE-BASED REQUIREMENTS.

LEAs must select and implement evidence-based activities and interventions either chosen from the NYSED-provided list (embedded within each section of the application) or from another reputable source. Selected interventions must fall into one of the four tiers of evidence defined in the Every Student Succeeds Act (ESSA). Specifically, evidence tiers are defined as:

Tier 1 - Strong Evidence: Supported by strong evidence from at least one well designed, well implemented experimental study (randomized-control groups). Studies show that this strategy improves a relevant student outcome (e.g. reading scores, attendance rates). In these studies, students have been randomly assigned to treatment groups or control groups, so that researchers can speak with confidence that those who participate in the intervention strategy outperform those who do not. These studies meet the What Works Clearinghouse evidence standards without reservations. The studies use large, multi-site samples. Tier 2 - Moderate Evidence: Supported by at least one well-designed and well-implemented quasi-experimental study (matched groups, interrupted time series, et al.) Studies have found that the strategy improves a relevant student outcome (e.g. reading scores, attendance rates). Students in these studies have not been randomly assigned, but researchers have used statistical matching methods that allow them to speak with confidence that the strategy results in an improved outcome. These studies meet the What Works Clearinghouse evidence standards with reservations. The studies use large, multi-site samples. No

Introduction/Instructions - Background Information

Page Last Modified: 12/05/2021

other studies show that this strategy negatively impacts an outcome.

Tier 3 - Promising Evidence: Supported by at least one well designed, well implemented correlational study with statistical controls for selection bias. T is evidence that this strategy improves a student outcome (reading scores, attendance rates), but that research may consist of correlational studies -- studie can show a relationship between the strategy and outcome but cannot show that the improved outcome was the result of the strategy. The studies support Tier 3 strategies do not have to be based on large, multi-site samples. A strategy that would otherwise be considered Tier 1 or Tier 2, but it does not meet sample size requirements, is considered Tier 3. No other studies show that this strategy negatively impacts an outcome.

<u>Tier 4 - Demonstrates a Rationale:</u> High-quality research findings or positive evaluation suggests that this will likely improve student outcomes or other relevant outcomes; and there are ongoing efforts to examine the effects of such activity, strategy, or intervention. Based on existing research, the intervent cannot yet be defined as a Tier 1, Tier 2 or Tier 3. However, there is good reason to believe — based on existing research and data — that the intervention could improve relevant student outcomes.

Further information may be found in the **Federal Guidance on Evidence-Based Interventions**. There are a number of resources available that identify research v supports specific interventions. Districts and schools are encouraged to review the various clearinghouses to find programs, strategies, and interventions that align the needs identified during the needs assessment process. Finally, additional technical assistance materials to support LEA planning and implementation of strateg and interventions are available on the Department's **ARP ESSER webpage** and in the Document Library.

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated and an FS-10F Final Expenditure Report submitted by October 31, 2024.

Project Number

The project number stems for the three state-reserve programs are:

Fund Code	Project
5884-21-XXXX	ARP-ESSER 5% State-Level Reserve - Addressing the Impact of Lost Instructional Time
5883-21-XXXX	ARP-ESSER 1% State-Level Reserve - Comprehensive After School
5882-21-XXXX	ARP-ESSER 1% State-Level Reserve - Summer Learning and Enrichment

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by November 30, 2021 (with extensions by request) and will be reviewed on a rolling basis.

If an eligible school district does not intent to apply for one or more of its ARP ESSER State Reserve allocations, please advise NYSED by emailing CARESAct@nysed.gov prior to November 5, 2021.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER State Reserve allocation returned to the United States Department of Education.

Submission Instructions

HOLLAND PATENT CSD - 412201060000

Directions for Submitting the Application:

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

Office of ESSA-Funded Programs - Rm 320 EB RE: ARP-ESSER Application – State Reserves New York State Education Department 89 Washington Avenue Albany, NY 12234

Deadline for Submitting the Application:

The ARP-ESSER Application – State Reserves is due by November 30, 2021.

Assurances - Assurances

Page Last Modified: 10/25/2021

ARP-ESSER State Reserve: Assurances

1. The LEA assures that ESSER funds are used for activities allowable under section 2001(e) of the ARP Act, 18003(d) of the CARES Act and 313(d) of the CRRSA Act.

✓ YES, the LEA provides the above assurance.

- 2. The LEA assures that it will comply with all reporting requirements at such time and in such manner and containing such information as the Commissioner may reasonably require, including on matters such as but not limited to:
 - 1. data on each school's mode of instruction (remote, hybrid, in-person), including student attendance data (disaggregated by student subgroup) for each modality;
 - 2. LEA uses of funds to meet students' social, emotional, and academic needs, including through summer enrichment programming and other evidence-based interventions, and how they advance equity for underserved students;
 - 3. LEA uses of funds to sustain and support access to early childhood education programs;
 - impacts and outcomes (disaggregated by student subgroup) through use of ARP ESSER funding (e.g., quantitative and qualitative results of ARP ESSER funding, including on personnel, student learning, and budgeting at the school and district level);
 - 5. student data (disaggregated by student subgroup) related to how the COVID-19 pandemic has affected instruction and learning;
 - 6. requirements under the Federal Financial Accountability Transparency Act (FFATA); and
 - 7. additional reporting requirements as may be necessary to ensure accountability and transparency of ARP ESSER funds.
 - ☑ YES, the LEA provides the above assurance.
- 3. The LEA assures that records pertaining to the ARP ESSER award under 2 C.F.R. § 200.334 and 34 C.F.R. §76.730, including financial records related to use of grant funds, will be retained separately from other grant funds, including but not limited to funds that an LEA receives under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act).

☑ YES, the LEA provides the above assurance.

4. The LEA assures that the LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.

☑ YES, the LEA provides the above assurance.

5. The LEA assures that the LEA will comply with all applicable assurances in OMB Standard Forms 424B and D (Assurances for Non-Construction and Construction Programs), including the assurances relating to the legal authority to apply for assistance; access to records; conflict of interest; merit systems; nondiscrimination; Hatch Act provisions; labor standards; flood hazards; historic preservation; protection of human subjects; animal welfare; lead-based paint; Single Audit Act; and the general agreement to comply with all applicable Federal laws, executive orders and regulations.

☑ YES, the LEA provides the above assurance.

6. The LEA assures that the LEA will have on file with the SEA a set of assurances that meets the requirements of section 442 of the General Education Provisions Act (GEPA) (20 U.S.C. 1232e).

☑ YES, the LEA provides the above assurance.

Assurances - Assurances

Page Last Modified: 10/25/2021

7. The LEA assures that the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program.

☑ YES, the LEA provides the above assurance.

8. The LEA assures that the LEA is using ARP ESSER funds for purposes that are reasonable, necessary, and allocable under the ARP.

☑ YES, the LEA provides the above assurance.

9. The LEA assures that the LEA will comply with the provisions of all applicable acts, regulations and assurances; the following provisions of Education Department General Administrative Regulations (EDGAR) 34 CFR parts 76, 77, 81, 82, 84, 97, 98, and 99; the OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and the Uniform Guidance in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 34.

☑ YES, the LEA provides the above assurance.

10. The LEA assures that federal grant recipients, sub recipients and their grant personnel are prohibited from text messaging while driving a government owned vehicle, or while driving their own privately owned vehicle during official grant business, or from using government supplied electronic equipment to text message or email when driving as per Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," October 1,2009.

☑ YES, the LEA provides the above assurance.

11. The LEA assures that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making or renewal of Federal grants under this program.

☑ YES, the LEA provides the above assurance.

12. The LEA assures that:

- 1. the LEA will administer each program covered by the application in accordance with all applicable statutes, regulations, program plans, and applications;
- 2. control of funds provided to the LEA under each program, and title to property acquired with those funds, will be in a public agency and that a public agency will administer those funds and property;
- 3. the LEA will use fiscal control and fund accounting procedures that will ensure proper disbursement of, and accounting for, Federal funds paid to that agency under each program;
- 4. the LEA will make reports to the State agency or board and to the Secretary as may reasonably be necessary to enable the State agency or board and the Secretary to perform their duties and that the local educational agency will maintain such records, including the records required under section 1232f of this title, and provide access to those records, as the State agency or board or the Secretary deem necessary to perform their duties; and
- 5. the LEA will provide reasonable opportunities for the participation by teachers, parents, and other interested agencies, organizations, and individuals in the planning for and operation of each program.

☑ YES, the LEA provides the above assurance.

Assurances - Assurances

Page Last Modified: 10/25/2021

13. The LEA assures that:

- 1. any application, evaluation, periodic program plan or report relating to each program will be made readily available to parents and other members of the general public;
- in the case of any project involving construction—(A) the project is not inconsistent with overall State plans for the construction of school facilities, and (B) in developing plans for construction, due consideration will be given to excellence of architecture and design and to compliance with standards prescribed by the Secretary under section 794 of title 29 in order to ensure that facilities constructed with the use of Federal funds are accessible to and usable by individuals with disabilities;
- 3. the local educational agency has adopted effective procedures for acquiring and disseminating to teachers and administrators participating in each program significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects; and
- 4. none of the funds expended under any applicable program will be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization.

☑ YES, the LEA provides the above assurance.

14. The LEA assures that the LEA will comply with the maintenance of equity provision in section 2004(c) of the ARP.

☑ YES, the LEA provides the above assurance.

15. The LEA assures that the LEA will engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the ARP-ESSER State Reserve use of funds. Specifically, an LEA will engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, students involved with the juvenile justice system, and other underserved students.

☑ YES, the LEA provides the above assurance.

16. The LEA assures that its plan for ARP-ESSER State Reserve use of funds will be: in an understandable and uniform format; to the extent practicable, written in a language that parents can understand or, if not practicable, orally translated; and, upon request by a parent who is an individual with a disability, provided in an alternative format accessible to that parent.

☑ YES, the LEA provides the above assurance.

ARP-ESSER State Reserves - State Reserves Intent to Apply

Page Last Modified: 01/03/2022

ARP-ESSER State Reserves: Intent to Apply

If an eligible school district does not intent to apply for one or more of its ARP ESSER State Reserve allocations, please advise NYSED by emailing CARESAct@nysed.gov prior to **November 5, 2021**.

1. Does the LEA intend to apply for ARP-ESSER 5% State-Level Reserve - Addressing the Impact of Lost Instructional Time funding?

YES, the LEA intends to apply for ARP-ESSER 5% State-Level Reserve - Addressing the Impact of Lost Instructional Time funding.

2. Does the LEA intend to apply for ARP-ESSER 1% State-Level Reserve - Summer Learning and Enrichment funding?

YES, the LEA intends to apply for ARP-ESSER 1% State-Level Reserve - Summer Learning and Enrichment funding.

3. Does the LEA intend to apply for ARP-ESSER 1% State-Level Reserve - Comprehensive After School funding?

YES, the LEA intends to apply for ARP-ESSER 1% State-Level Reserve - Comprehensive After School funding.

4. Please provide contact information for the LEA Business Official and Board President. Please confirm that each individual has reviewed and approved of the application, including all plan descriptions and use of funds.

	Name	Email Address	Date of Final Review/Approval

ARP-ESSER State Reserves - ARP-ESSER State Reserves: Consultation

Page Last Modified: 01/03/2022

ARP-ESSER State Reserve: Consultation

1. An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); teachers; principals; school leaders; other educators; school staff; and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, students involved with the juvenile justice system, and other underserved students.

In the space provided below, please describe how the LEA has meaningfully engaged a diverse and representative set of stakeholders to receive feedback in developing its plans to address the impacts of lost instructional time, provide summer learning and enrichment, and support comprehensive after school activities using State-Level Reserve Funds.

The Holland Patent Central School District developed a plan based on feedback and recommendations from staff, district leadership, Board of Education and the general public. The general public was provided an opportunity to make recommendations at a Community Forum on August 23, 2021. An additional meeting was held on December 15, 2021 targeting stakeholders who represent the interests of students with disabilities, English Language Learners, students who are struggling emotionally, as well as students who are struggling academically. An agenda and information regarding the use of funds was distributed which included summer programs targeted on intense tutoring in ELA and Math, as well as camps targeted at science, social studies and physical activities. Feedback was verbally given to the district from the attendees which was considered if it was an allowable expense as determined by New York State Education Department. In the future, the Holland Patent Central School District will keep the community abreast of learning opportunities via Board of Education meetings, district forums, district newsletters, school newsletters and other communications as appropriate. The district will encourage feedback from all stakeholders in these meetings and communications. In the future, the district will send updated information to the community and continue to ask for feedback from the Holland Patent community.

2. In the space provided below, please provide the URL for the website(s) where the LEA Plan for using State-Level Reserve Funds is/will be publicly posted.

For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.

hpschools.org

3. In the space provided below, please describe how the LEA will support ongoing engagement with parents and families, including engagement related to identified student needs, areas of student gains, and available assistance to families that will support student success.

In the future, the Holland Patent Central School District will provide the public with up to date information at Board of Education meetings, district newsletters, school newsletters, posting on social media, Parent Teacher Association communications as well as other communication venues as appropriate. The Holland Patent Central School District will solicit feedback from all stakeholders in these communications, forums and meetings. In addition, the Holland Patent Central School District will survey and send out updated information to all stakeholders including a link to submit input and comments. Each building will be provided hard copies of this information for anyone who does not have technology and/or internet access.

ARP-ESSER State Reserves - ARP-ESSER State Reserves: Comprehensive Needs Assessment

Page Last Modified: 01/23/2022

ARP-ESSER State Reserve: Comprehensive Needs Assessment

1. In the space provided below, please describe how the LEA will determine the social, emotional, mental health, and academic needs of students, particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

The Holland Patent Central School District holds School Based Intervention Team (SBIT) meetings on any student who is struggling with social, emotional, mental health or academic needs. In addition, we have partnered with the Center for Family Life and Recovery, Initial ResponseTeam, Ican and Connected Community Schools to assist the district in helping students and families find outside agencies. The Holland Patent Central School District analyzes academic data at SBIT meetings in order to provide all students with opportunities to address their learning loss. The Positivity Project activities also provides information regarding students who are struggling. With the implementation of our Instructional Coaches and Reading in the Content Area Framework, we will be collaboratively reviewing our district, individual school, grade level, course, and individual/group data to revise programming and offerings as needed to best support our students and increase achievement. The data will assist us in determining what student support is needed as a result of the COVID-19 pandemic which will focus on students with disabilities, ELLs, low-income students and our students in foster care. The SEL teachers will be focusing on these students in the following subgroups which are identified using ESSA data. Programs will focus on additional interventions needed in small groups and individual settings where students will have additional access to certified teachers, social workers, counselors, related services and outside agencies. In addition, mixed groups of these students will be set up by the SEL teacher to address any deficits they have focusing on mental health needs. The data will be continuously analyzed so that we can make informed decisions in the best interest of children. We will implement the Positivity Project to train our students in need with coping skills as we move forward in addressing their Social Emotional Learning.

ARP-ESSER State Reserves - Addressing the Impact of Lost Instructional Time

Page Last Modified: 01/25/2022

5% State-Level Reserve - Addressing the Impact of Lost Instructional Time: Program Design

1. The interventions implemented through the 5% State-Level Reserve to address the impacts of lost instructional time must be evidence-based and may include innovative approaches to providing instruction to accelerate learning. In the space provided below, please describe how the LEA selected evidence-based interventions that will address identified student needs. Include details about how the planned use of state reserve funds for addressing the impacts of lost instructional time will be coordinated with and aligned to other initiatives, including other state reserve funds, interventions detailed in the LEA's ARP-ESSER Plan: Part 2, or other LEA initiatives, including those supported by CARES, CRRSA, Title I Part A, IDEA or other fund sources.

The Holland Patent Central School District selected evidence based programs/framework including Sonday Essentials Phonics, Handwriting Without Tears, Units of Study Reading and Writing, Savvas EnVisions Math 2015, Freckle Math and ELA, Credit Recovery, Reading in the Content Area, Positivity Project, Connected Community Schools, Instructional Coaches, etc. to provide instruction and accelerate learning for our students. Each of these programs/frameworks were chosen based on rigor, alignment with Common Core and Next Generation Learning Standards, technology integration, access to technology, instructional materials and evidence based practices to support and teach all students in the Holland Patent Central School District. We are looking at balanced achievement - moving all children forward to address the learning loss across all core subject areas. These program/frameworks will work in collaboration with our other state reserve funding programs that are used for targeted student interventions ranging from Response to Intervention, Academic Intervention Services as well as Credit Recovery, this also includes providing teachers with professional learning to support the program/frameworks by bringing in experts to assist our teachers.

2. In the chart below, please provide additional information about the planned evidence-based interventions that have been selected to address the impacts of lost instructional time. For each row, please select a planned intervention from the drop-down menu or select "Other Evidence-Based Intervention" as needed. For each planned intervention, indicate the amount of ARP State-Reserve funding that will be invested, the grade levels to be served, targeted student groups to be served, and a detailed description of the specific activities that will be implemented. Please add rows as necessary to reflect the district's entire plan for the use of State-Reserve funds to address the impact of lost instructional time.

Planned Intervention(s)	Investment (\$)	Grade Levels Served	Student Groups E	Detailed Description of Planned Intervention

Planned Intervention(s)	Investment (\$)	Grade Levels Served		Stu	dent Groups	Detailed Description of Planned Intervention
			School High School		Students in Foster Care Migratory Students Students Involved with the Juvenile Justice System Other Underserved Students None of the Above	
Curriculum- Aligned Enrichment Activities	141,279		Primar y Elemen tary Middle School High School		All Students Students with Disabilities English Learners Students Experiencing Homelessness Students in Foster Care Migratory Students Students Involved with the Juvenile Justice System Other Underserved Students None of the Above	The Holland Patent Central School District will upgrade the sinks, flooring, etc. in the art room in the Middle School in order to implement the art curriculum and meet 21st century skills.

3. In the space provided below, please describe how the LEA will monitor and evaluate the effectiveness of selected strategies to ensure that the interventions implemented respond to students' social, emotional, mental health, and academic needs. Provide details about how changes to the program plan (such as changes in identified areas of need or supports provided to students) will be communicated to stakeholders.

Students who are participating in the high dosage tutoring programs and summer programs will be identified through data using the Sonday Phonics Assessments, Running Records for Math and ELA, Developmental Reading Assessment, STAR ELA and Math formative assessments and grade level benchmark assessments. Progress monitoring will be implemented to track student progress, as well as pre- and post-assessment data to determine current and future levels of proficiency. Individualize student progress will be shared with the parents/guardians as well. In addition, the high dosage tutoring program will admit and release students on a rolling basis. The summer academic programs will be assessed by progress monitoring, analyzing formative assessments, progress reports, performance on tests and quizzes and report cards. The enrichment activities will be assessed on participation growth and learning, with an opportunity to showcase their learning and progress via art shows, athletic contests, concerts, etc. Changes to the plan will be posted on our website as well as discussed at Board of Education meetings. In addition, the Holland Patent Central School District will use Parent Square to disseminate updates to the plan. In the future, the Holland Patent Central School District will keep the community abreast of learning opportunities via Board of Education meetings, district forums, district newsletters, school newsletters and other communications as appropriate. The district will encourage feedback from all stakeholders in these meetings and communications. In the future, the district will send updated information to the community and continue to ask for feedback from the Holland Patent community.

5% State-Level Reserve - Addressing the Impact of Lost Instructional Time: Fiscal Information

LEAs are REQUIRED to send signed (blue ink) originals and two hard copies of each FS-10 Budget Form to:

Office of ESSA-Funded Programs – Rm 320 EB RE: ARP-ESSER Application - State Reserves New York State Education Department 89 Washington Avenue Albany, NY 12234

Please refer to the Documents Panel section located along the left side of the application for FS-10 budget forms, and use the following budget code: 5884-21-XXXX.

ARP-ESSER State Reserves - Addressing the Impact of Lost Instructional Time

Page Last Modified: 01/25/2022

<u>PLEASE NOTE</u> - the FS-10 and Budget Narrative are used to provide NYSED with a specific itemization of proposed project expenditures and to provide NYSED and the Office of the State Comptroller with the necessary documentation upon which payments can be based. FS-10s with missing quantities or unit costs, or with terms such "*TBD*" or "*Varies*" cannot be accepted on the FS-10 or Budget Narrative forms.

4.

Please complete the following to indicate the LEA's planned use of ARP-ESSER 5% State-Level Reserve - Addressing the Impact of Lost Instructional Time funding.

	Amount
LEA Allocation	767871

ARP-ESSER State Reserves - Comprehensive After School

Page Last Modified: 01/23/2022

1% State-Level Reserve - Comprehensive After School: Program Design

High-quality afterschool programs should have the goal of providing students with important opportunities for academic support and access to enrichment opportunities that help develop social, emotional, and leadership skills. These benefits are particularly important to students from low-income backgrounds, students who are struggling, and students at risk for later academic disengagement. High-quality afterschool programs have demonstrated positive effects on student math and language arts achievement, and programs strongly rooted in the school context can also have a positive impact on school related student outcomes, including greater self-confidence, increased civic engagement, better school attendance, improved high school graduation, and decreased delinquency.

1. The interventions implemented through the 1% State-Level Reserve for comprehensive after school programming must be evidence-based and may include innovative approaches to providing instruction to accelerate learning. In the space provided below, please describe how the LEA selected evidence-based interventions that will address identified student needs. Include details about how the planned use of state reserve funds for comprehensive after school programming will be coordinated with and aligned to other initiatives, including other state reserve funds, interventions detailed in the LEA's ARP-ESSER Plan: Part 2, or other LEA initiatives, including those supported by CARES, CRRSA, Title I Part A, IDEA or other fund sources.

The Holland Patent Central School District held forums to gain input from community and school stakeholders, based on that information and need the district has focused on addressing increased rigor, alignment to the Next Generation Learning Standards, technology integration, home to school partnerships, evidence based instructional materials, as well as, evidence based instructional practices and professional learning to support our struggling learners. These programs/frameworks are aligned to curriculum maps and pacing charts as well as the New York State Learning Standards. All of these programs will work in coordination with our other state reserved funding programs that are utilized for targeted student academic interventions including Response to Intervention,

2. In the chart below, please provide additional information about the planned evidence-interventions that have been selected to address the impacts of lost instructional time. For each row, please select a planned intervention from the drop-down menu or select "Other Evidence-Based Intervention" as needed. For each planned intervention, indicate the amount of ARP State-Reserve funding that will be invested, the grade levels to be served, targeted student groups to be served, and a detailed description of the specific activities that will be implemented. Please add rows as necessary to reflect the district's entire plan for the use of State-Reserve funds to address the impact of lost instructional time.

Planned Intervention(s)	Investment (\$)	Grade Student Groups E Levels Served		Detailed Description of Planned Intervention
High Dosage Tutoring Programs	104,192	 Primar y Elemen tary Middle School High School 	 Students Experiencing Homelessness Students in Foster Care Migratory Students Students Involved with the 	Elementary and Middle School students, grades K-8, who are identified as performing below grade level will have the opportunity to participate in a high dosage tutoring program utilizing Sonday Phonics, Units of Study Reading and Writing, Freckle ELA, Freckle Math and EnVisions Math 2015. These frameworks will be utilized to target individual reading, writing and math deficits exhibited by these children.
High Dosage Tutoring Programs	49,387	 Primar y Elementary Middle School ✓ High 	 Students Experiencing Homelessness Students in Foster Care 	High School students enrolled in Algebra, Geometry and Algebra II who are identified as exhibiting learning loss, will have the opportunity to participate in high dosage tutoring program utilizing STAR Math and Freckle Math programs. Instruction will be delivered by certified math teachers based on individual deficits.

Planned Intervention(s)	Investment (\$)	Grade Levels Served	Student Groups	Detailed Description of Planned Intervention
		School	 Students Involved with the Juvenile Justice System Other Underserved Students None of the Above 	

3. In the space provided below, please describe how the LEA will monitor and evaluate the effectiveness of selected comprehensive after school programming/strategies to ensure that the interventions implemented respond to students' social, emotional, mental health, and academic needs. Provide details about how changes to the program plan (such as changes in identified areas of need or supports provided to students) will be communicated to stakeholders.

Students who are participating in the high dosage tutoring programs and summer programs will be identified through data using the Sonday Phonics Assessments, Running Records for Math and ELA, Developmental Reading Assessment, STAR ELA and Math formative assessments and grade level benchmark assessments. Progress monitoring will be implemented to track student progress, as well as pre- and post-assessment data to determine current and future levels of proficiency. Individualize student progress will be shared with the parents/guardians as well. In addition, the high dosage tutoring program will admit and release students on a rolling basis. Changes to the plan will be posted on our website as well as discussed at Board of Education meetings. In addition, the Holland Patent Central School District will use Parent Square to disseminate updates to the plan. In the future, the Holland Patent Central School District will keep the community abreast of learning opportunities via Board of Education meetings, district forums, district newsletters, school newsletters and other communications as appropriate. The district will encourage feedback from all stakeholders in these meetings and communications. In the future, the district will send updated information to the community and continue to ask for feedback from the Holland Patent community.

ARP-ESSER State Reserves - Summer Learning and Enrichment

Page Last Modified: 01/25/2022

1% State-Level Reserve - Summer Learning and Enrichment: Program Design

Summer learning programs can offer another opportunity to accelerate learning, especially for those students most impacted by disruptions to learning during the school year. Schools and districts should design programs that work best in the local context and reflect the characteristics that evidence suggests lead to successful summer programs. These characteristics include: programs are voluntary, full-day lasting five to six weeks, include three hours of language arts and mathematics taught by a certified teacher each day, and include enrichment activities and experiences. Research points to the potentially positive benefits of strong summer programs. A longitudinal study of summer programs showed students who participated in the summer programs that were reviewed received some benefits in mathematics; however, students with high rates of attendance who attended programs for consecutive summers experienced the greatest learning gains. The amount and quality of instruction influenced the academic benefit, with the highest benefits to students attending programs with high-quality instruction provided by a certified teacher and high academic time on task.

1. The interventions implemented through the 1% State-Level Reserve for summer learning and enrichment must be evidence-based and may include innovative approaches to providing instruction to accelerate learning. In the space provided below, please describe how the LEA selected evidence-based interventions that will address identified student needs. Include details about how the planned use of state reserve funds for summer learning and enrichment will be coordinated with and aligned to other initiatives, including other state reserve funds, interventions detailed in the LEA's ARP-ESSER Plan: Part 2, or other LEA initiatives, including those supported by CARES, CRRSA, Title I Part A, IDEA or other fund sources.

The Holland Patent Central School District selected evidence based programs including Sonday Phonics, Units of Study Reading and Writing, EnVisions Math 2015, Freckle ELA and Math, Reading in the Content Area, Instructional Coaches and credit recovery to provide and accelerate learning for our students. Each program/framework was chosen based on its rigor, alignment to the New York State Learning Standards, technology integration, home to school partnerships, core grade level/course instructional materials as well as evidence-based instructional practices to support and teach district learners. These programs/frameworks are aligned to the New York State Standards and grade level/course curriculum maps and pacing charts. The enrichment offerings will be aligned to the New York State Learning Standards in Physical Education, STEM, Music and Art utilizing best instructional practices with a focus on providing positive experiences for all participants.

2. In the chart below, please provide additional information about the planned evidence-based interventions that have been selected to address the impacts of lost instructional time. For each row, please select a planned intervention from the drop-down menu or select "Other Evidence-Based Intervention" as needed. For each planned intervention, indicate the amount of ARP State-Reserve funding that will be invested, the grade levels to be served, targeted student groups to be served, and a detailed description of the specific activities that will be implemented. Please add rows as necessary to reflect the district's entire plan for the use of State-Reserve funds to address the impact of lost instructional time.
